HOTSPOT

Match each sprint ceremony to its appropriate objective. Each objective may be used once, more than once, or not at all.

Sprint Retrospective
Select a match

The ceremony is designed for the Product Owner and Development Team to meet and review the prioritized Product Backlog.
 The Development Team showcases all of the work that has been completed during the sprint, allowing stakeholders to see the application and adapt the product going forward.
 This ceremony provides the team with a platform to discuss what is going well, what could go better, and some suggestions for changes going forward.
 The Development Team estimates the difficulty of developing a feature by using an abstract, but agreed upon, measurement of effort required to implement it.
